What's Inside

PAWSMOOTH Paw Butter is made from a blend of natural, pet-safe ingredients. It is designed to provide intensive care for your pet's paws and nose. This cream is crafted to serve a dual function, effectively moisturizing and protecting both the paws and nose of our pets. It forms a protective barrier against harsh environmental conditions, such as extreme temperatures, rough terrains, and chemical irritants.

How to use

Clean the Paws Before applying, ensure your pet's paws are clean and dry. Use a damp cloth or pet wipe to gently remove dirt and debris from the paw pads.

Apply the Paw Butter Scoop a small amount, warm it between your fingers, and gently massage onto rough or cracked paw pads.

Let It Absorb Allow the cream to absorb into the skin. This may take a few minutes, so keep your pet occupied or give them a treat during this time.

Use Regularly For best results, apply 2–3 times a week or daily for very dry paws, especially after walks or in dry/cold weather.

Safe for Licking No worries if your pet licks it—our cream is made with safe, natural ingredients.

Dry skin? Itchy paws?

Rough fur? Pets can't say it, but they feel it.

Paw Smooth is made to gently ease common discomforts while maintaining skin and coat health.

Key Ingredients

Shea butter, Coconut oil, Olive oil, Bees wax, Kokum butter, Stearic acid, Cetosterol alcohol, Triethanolamine, Glycerine, Microcrystalline Wax, Turmeric extract, Neem extract.

Olive Oil

Moisturizes and softens dry, rough paw pads with its nourishing properties.

Turmeric

Calms irritation and aids healing using nature-derived ingredients.

Shea Butter

deeply hydrates and restores cracked paws, providing lasting moisture.

Kokum Butter

repairs and regenerates skin without a greasy feel, ideal for delicate paws.

Coconut oil

Nourishes and protects while soothing sensitive paws for a silky finish.
